

CONVIVIUM INVOLVEMENT WITH THE ARK

The convivia have a vital role to play in the success of The Ark of Taste. In particular you can help by:

- Keeping the Ark of Taste Commission updated with changes to existing Ark products within your area
- Providing photographs of Ark products for promotional use
- Support in researching potential new nominations
- Being a point of contact for enquiries about a specific product
- Nominating new products, especially in relation to areas of strategic focus. For 2008 these are:
 1. Native Breeds of Sheep
 2. Orchard Produce
 3. Traditional regional sweet yeasted doughs
